Crime Scene Investigations Unit
Crime Scene Report

CASE: 150-178-555
DATE: 02/26/15
TIME: 2235 hrs

LOCATION: 24th / Folsom St
PREPARED BY: Rodelas #729

Purpose:

Inspector Shouldice #2054, Officer Nibungco #2390, Officer Shakur #2476 and I responded to 24th and Folsom Street to process the scene of an Officer Involved Shooting. Upon arrival, Sergeant Montoya #1522 provided us with a walkthrough of the scene. Sergeant Dedet #101 of the Homicide Detail arrived at the scene as well.

Scene Description:

The scene was located on the 2800 block Folsom Street between 24th and 25th Streets. Folsom Street was a two way roadway which extended in the north and south directions. 24th and 25th Streets were two way roadways which extended in the east and west directions. The odd numbered addresses of Folsom Street were on the east side of the roadway and the even numbered addresses were on the west side.

Numerous Officers from Mission and Bayview Stations were present and secured the scene at the 2800 block of Folsom Street with yellow tape which prevented all vehicle and pedestrian traffic from entering. The area was comprised primarily of multi story residential dwellings. The weather conditions were cold and windy with clear skies.

Observations:

[redacted] Folsom Street was located on the east side of the street. There were two vehicles parked in the northbound parking lanes facing north on the street. One vehicle was a silver Toyota [redacted]. The other vehicle parked directly behind it was a blue Nissan [redacted]. On the street between both vehicles, there was a deceased subject who appeared to be in the supine position covered with a yellow blanket. There was blood pooling by the deceased subject. There was a large kitchen knife on the street a few feet away from the deceased. There was a cartridge casing on the street under the parked silver Toyota.

On the sidewalk adjacent the parked vehicles, there were cartridge casings. One was located on the first step of the front gate of [redacted] Folsom Street.

The other two cartridge casings were located on the sidewalk and tree planter area of the sidewalk.

In front of [redacted] Folsom Street, there were two other cartridge casings on the sidewalk. In front of [redacted] Folsom Street, there was a silver mountain bike on the sidewalk. The mountain bike was on its side.

Directly across from [redacted] Folsom Street was a three story multi unit residential house([redacted] Folsom Street). On the front side of this property, there were two defects on the tiled wall that appeared to be possible bullet strikes(see attached diagram, photos). One strike was located just above the garage door and the other was by the second story window. Directly below this particular strike, there was a small concrete area in front of the property. In this area, there was a fired bullet on the ground.

In front [redacted] Folsom Street, Inspector Shouldice later located a fired bullet on the asphalt in the southbound parking lane of the street. On the sidewalk in front of this address, there was a street lamp post. It should be noted that this lamp post was functioning on and off intermittently.

Evidence:

I marked all six cartridge casings, silver mountain bike, fired bullet and kitchen knife with numbered cones as evidence. The additional fired bullet on the street in front of [redacted] Folsom Street was not marked with a numbered cone, but considered evidence. Officer Nibungco took photographs of the scene and evidence. Officer Shakur videotaped the scene and evidence.

Dr [redacted] nvestigator [redacted] and Investigator [redacted] of the SFME's Office arrived at the scene. Dr [redacted] equested the handcuffs removed from the deceased. Inspector Shouldice unlocked and removed the handcuffs from the deceased. I placed these handcuffs in an envelope and secured them in my vehicle. Investigator Hellman removed a cell phone from the front right pants pocket of the deceased. I took possession of the cell phone from Investigator [redacted] and delivered it directly to Sergeant Dedet at the scene.

Officer Nibungco and Officer Shakur responded to Mission Police Station for photographs of the Officers involved and collection of their duty weapons(see attached reports).

I collected all marked evidence at the scene. I also collected the fired bullet on the asphalt and the handcuffs from the deceased as evidence. All evidence was transported to CSI for processing and booked into evidence accordingly.
